

We recently held our weekly BNI meeting at Encompass C3 a Conferencing, Collaborating and Connecting Center - a unique facility in the greater Omaha area. Our group enjoyed a pleasant, professional and private environment. Our meeting rooms was comfortable, well designed and quiet which yielded one of our better meetings. If you need a one time or regular meeting place for your group, a quiet professional place to meet clients one-on-one or a place to stop for a cup of coffee and a secure internet "hot spot" between appointments, check out Encompass C3.
