

I am a member of Business Development Alliance and attend weekly networking meetings at Encompass C3. Encompass C3 is the perfect place for these meetings. It has a professional yet cozy atmosphere where individuals and small or large groups alike are able to work and meet to accomplish their goals. It is a concept that I see continuing to grow in the Omaha market for the need of so many types of businesses. Personally, it has given me the opportunity to effectively network and grow relationships with other business owners to help each other grow our respective businesses. I look forward to years of enjoying the countless benefits of Encompass C3.
